Introduction

We are pleased to present to you in this leaflet Olympic Solidarity (OS)’s objectives, budgets and programmes established for the 2017-2020 quadrennial plan.

The programmes aim to help create new sports development opportunities in NOCs, while supporting the NOCs’ training and education efforts.

A new plan naturally focuses on consolidating the progress made, but also offers new prospects. That is why, with the aim of optimising its services to the NOCs and in a spirit of environmental sustainability, the “Olympic Solidarity Online Platform” will be launched via NOCnet in January 2017.

In the past, the NOCs will also be able to find useful information on OS, such as its latest news, publications and visual identity.

We look forward to embarking on this new phase with you – NOCs, continental associations, ANOC and IFs – and with the many partners working on our programmes. Without your valuable and efficient support, we will not be able to carry out the task entrusted to us. We should like to express our deep gratitude for your continued support.
